

FREE SEMINARS

During the Annapolis Sailboat Show at the Annapolis Waterfront Hotel

LIGHTNING AND GALVANIC CORROSION

Some of the biggest threats to a boat and onboard systems involve electrical current flowing where it should not be. Join marine electrician **Bob Campbell** as he reviews causes, effects, and ways to protect against lightning strikes and galvanic corrosion.

MARINE DIESEL BASICS

Pros from the Annapolis School of Seamanship will run through the basics of marine diesel engine operation and maintenance, as well as troubleshooting common problems.

iNAVIGATION[®]

As we navigate into the 21st century, the incorporation of technology with traditional navigation methods can lead to greater accuracy and confidence. Explore how to combine the latest tablet and smart phone apps with traditional methods.

STEPPING OFFSHORE

What steps do you take between deciding to go cruising and casting off the lines? Join global cruiser and author **Ralph Naranjo** on a passage from dream to departure.

GETTING YOUR CAPTAIN'S LICENSE

Between the USCG requirements for sea time, physicals, applications and examination, getting a captain's license can seem daunting. Annapolis School of Seamanship's expert captains will discuss the ins and outs of becoming a licensed captain.

STOP PLANNING, GO SAILING

The planning and to-do list that seems to never end can sometimes prevent you from ever leaving the dock. **Matt Rutherford** will talk about what it takes to safely make the jump and cast off the lines to get underway.

CRUISING THE CHESAPEAKE BAY

Autumn offers a spectacular range of cruising opportunities here in Bay country. From bird watching to fall festivals, *Chesapeake Bay Magazine's* **John Stefancik** will give you an update on where to go and what to do this season on the Chesapeake Bay.

INTRO TO MARINE WEATHER CHARTS

Decoding marine weather information you need to make decisions before getting underway or while out can be difficult. **Lee Chesneau** will discuss surface pressure charts, how to better understand what they mean, and how to use them.

DOCKING DE-STRESSED

Is docking your vessel causing you stress and anxiety? Let the Annapolis School of Seamanship show you the ropes, tricks, and techniques to make docking easy.

KEEPING A STARBOARD ATTITUDE

Why attitude is so important when you're cruising, and how to keep a good one. **Bob Bitchin** and **Jody Lipkin** will talk about their many sailing experiences, and tight spots they've gotten into, and out of.

OUTBOARD ENGINE BASICS

Gain a basic working knowledge of outboard engines. Certified outboard tech **Larry Jenc** covers operation, maintenance, and basic troubleshooting of small two-stroke and four-stroke outboard engines.

CRUISING THE ICW

Whether you're heading for Key West or the Great Loop, one leg of the voyage is generally the Intracoastal Waterway (ICW). *Chesapeake Bay Magazine's* **Jody Schroath** will lead a discussion about the joys and pitfalls of cruising inland waters.

RUNNING INLETS

Running inlets can be challenging at best, even with the right weather conditions; knowing what to expect. **Frank Bohlen** will discuss how wind, current and depth of water can affect inlet conditions to help make safe decisions.

PREMIUM WORKSHOPS

In the Arnold Room of the Annapolis Waterfront Hotel

Sailboat Plumbing Workshop

Marine heads, macerator pumps, grey water, black water potable water, water makers... Sailboat plumbing has become a complex maze of pumps, tanks and valves. This workshop will cover the systems, the options available and how to use them properly. **\$99 Oct. 6, 10:00am-12:30pm**

ICW Planning Workshop

The Intracoastal Waterway could be the best cruise of your life. It's scenic, accessible, and doable in almost any boat. Seasoned cruiser and resident liveboard **Jody Schroath** will cover everything from bridges, barges, and buoys to cool stops along the way. Registration includes a copy of *Chesapeake Bay Magazine's Atlantic Coast and ICW Planning Guide*. **\$99 Oct. 6, 1:00pm-3:30pm**

Power Management Workshop

Managing your electrical system on a modern sailboat, is the key to keeping everything working while you're away from the dock. Certified marine electrician **Bob Campbell** covers batteries, charging systems and loads whether you're outfitting or cruising. **\$99 Oct. 7, 10:00am-12:30pm**

Marine Weather Workshop

Senior Marine Meteorologist, **Lee Chesneau** will go in-depth into properly interpreting and using surface pressure charts for better weather predictions, routing, and decision making for safe passages. **\$99 Oct. 7, 1:00pm-3:30pm**

Your Dinghy's Outboard Workshop

That trusty (or not so trusty) engine hanging on your stern rail can leave you stranded if not cared for properly. Join certified outboard tech **Larry Jenc** as he discusses small outboard engine operation, maintenance, and troubleshooting of two-stroke and four-stroke outboard engines. **\$99 Oct. 8 10:00am-12:30pm**

Modern Electronic Navigation Workshop

Tablets are more than just a toy for the kids. With recent advances in apps and hardware, they can now be used on any boat in many different ways, whether as a stand-alone navigation tool or integrated into the vessel's existing systems. This workshop will cover many of the different applications available to mariners, from navigation, tides and weather to marina booking and cruising guides. Attendants are encouraged to bring tablets with them (although not necessary). **\$99 Oct. 8, 1:00pm-3:30pm**

\$99 Premium Seminar registration includes one ticket to the Boat Show and a \$50 voucher towards a class at Annapolis School of Seamanship. To register for premium workshops visit: www.annapolischoolofseamanship.com/boatshow.

Registration for the free seminars will be held in front of the second floor ballroom of the hotel each day starting at 9am.

All workshops and seminars are held at the Annapolis Waterfront Hotel. Enter from Compromise Street or through the Pusser's show gate. For more info, call Annapolis School of Seamanship at (410) 263-8848. Limited seating available. First come, first served. Seminar schedule and speakers are subject to change. Boat Show ticket for workshop registrants will be available at our check-in desk in front of the second floor ballroom each day starting at 9:00am.
